PIN 11058.00 & 11059.00  
**Bid Amendment No. 1**

Dear Sir/Ms.:

Please consider the following information when preparing your bid package:

Kittery- Ramp J Bridge (11058.00) has approximately 325,000 pounds of structural steel to be painted, is composed of 5 beam lines and is approximately 346 feet long by 37 feet wide (12,800 SF of deck area). There are four travel lanes that go under the bridge.

Kittery- Route 236 Bridge (11059.00) has approximately 650,000 pounds of structural steel to be painted, is composed of 15 beam lines and is approximately 251 feet long by 105 feet wide (26,355 SF of deck area). There are eight travel lanes that go under the bridge.

The "Special Provision Section 652 Maintenance of Traffic (Traffic Control)" has times allowed for the Contractor to work in the roadway.

Electronic plan files can be downloaded at <ftp://ftp.state.me.us/outgoing/> under the Kittery 11058.00 & Kittery 11059.00 folders for each project. These are in (.tif) format and you will need a reader to view them. These are existing plans and are for estimating purpose only. All dimensions shall be field verified prior to finalizing any containment design and any bid.

Consider this information prior to submitting your bid on May 19, 2004.

Sincerely,

for

Scott Bickford  
Contracts & Specifications Engineer
